

## A year in the shoes of Lepton Kwaark

When his wife leaves him for a famous Hollywood actor, a New York lawyer called Lepton Kwaark leaves his job to tour the world interviewing authors of Science Fiction and conspiracy stories. First Lepton goes to Los Angeles to meet a billionaire heiress. Together they go to Alice Springs, Australia, to meet the author of *The Forest Palms Tales*, a critical examination of stories of ETs and UFOs for the sceptical reader. *A BALL OF WAX* is a fictionalized essay on the Majestic Twelve hoax.
