

Falling from Grace (The Gift of Grace) (Volume 3)

Being rescued aint all its cracked up to be. Andreas no longer strapped to a stone slab in the demon Cythymaus cave, having her Sense drained to fuel his summonings. So thats a plus. But being yanked into the future, complete with forbidden knowledge gained from her link with Cythymau, has left her vulnerable, terrified, and the subject of contention for political factions within the Groves. Worse, the only people that wont try to arrest her are living in hiding. On a mountaintop. In a small cabin. And hanging out with one of the creatures that used to be Cythymaus. They just do not make therapists for this sort of thing. Meanwhile, Roberts got his hands full trying to start college. His summoning master Graces rather dramatic conclusion to Andreas rescue has law enforcement doubling down on summoner oppression, and its all he can do to go to school with his head down. Hes trying to take care of a traumatized demon-victim. His new master already tried to kill him once. To top it off, hes now responsible for Rick the Cornuprocyon. Thirty-foot long telekinetic raccoon demons make the worst housepets. In a world where just about everyone is out to get them, can Robert and Andrea survive on their own?
