

Lessons in Leadership, Workbook (10 Pack Set), Workbook (10 Pack Set) (J-B Leader to Leader Institute/PF Drucker Foundation)

Craft a unique learning experience and help your group to work through the modules in the Excellence in Nonprofit Leadership video. Excellence in Nonprofit Leadership provides insight, inspiration, and practical tools for nonprofit leaders who want to make a difference in their organizations and communities. The facilitators guide takes you through each of the twenty-minute modules contained on the video: Lessons in Leadership, featuring Peter F. Drucker, helps both board and staff explore leadership attributes and think about ways to strengthen leadership skills. Identifying the Needs of Followers, featuring Max De Pree and Michele Hunt, helps leaders--new and experienced--understand their relationships with followers and what their followers need to achieve top performance. Leading Through Mission, featuring Frances Hesselbein, reveals the importance of revisiting the organizations mission and offers insight on how to better manage for the mission. It shows you how to use one, two, or all three of the modules to guide a learning and discussion program for the leaders in your organization or community. Along with the participants workbook, the facilitators guide contains all the materials you need to get the most out of the video presentations and to extract the key learnings. Each module can be tailored to fit your groups needs, size, and the time available.
