Illustrated in full color with a 6 x 9 trim and a classic beginning reader layout, the Miss Daisy Wiggles Collection of books is written for preschoolers through grade level one. Using lovable characters and a vocabulary vetted by early-learning specialists makes Miss Daisy Wiggles books perfect for beginning readers. They incorporate the concepts of rhyme, rhythm, and repetition. Most of the personalities in these books are based on real pets. Like Dolly Girl, the dog who thought she was a cat. Dolly was so cat-like in personality that she actually responded when we yelled Here Kitty Kitty. Other characters like Bob the Frog are loosely based on real people. Bob has advice for everyone and is perfectly happy sitting on his lily pad catching flies.
