

Rilla: Book One of the Paradise Series

Rilla grew up in a Paradise. A place where humans could live freely from the threat of magic and dangers of the Outworld. What most people in the Outworld weren't aware of was that the Paradises were becoming just as dangerous to live in as their own world. From the very beginning, Rilla knew she was different from everyone else. Abandoned by her mother and shunned by her father, the others in her Paradise soon began to treat her as though she was invisible, or worse still, a non-conformist. But when an Outworlder arrives in Rilla's Paradise just days before The Choosing, she suddenly becomes more visible than she's ever been in her life. The balance of four lives rests with her and she is sworn to protect them. Can she possibly keep them all safe and alive when she discovers their secrets? Join Rilla and her companions on a journey through an Outworld full of danger, magical mishaps and political disasters and see what each discovers about themselves along the way.
