

# Lik Zlatousta. Lik Company. The Zlatoust Tradition Of Russian Decorative Art

In Russian Language. The town of Zlatoust is famous throughout the world as the Russian community where about two centuries ago the art of the Zlatoust engraving on metal had been born, flourished, went into a decline, and recently revived again. It is a lucky coincidence that the present book is being published and will soon be distributed in the year when we are celebrating the 250-year anniversary of the town of Zlatoust. Contents: Ornamental Weapon Blades. Decorative and Jewelry Art. Church Vessels and Utensils. Catalogue. Brief Biographies of the Leading Artists of the Lik Company. Main Exhibitions and Awards.
