

The Hunt Book 2: Quartet (Volume 2)

Cinden Lai is a firstborn, a member of the Hunt. She found sanctuary with a reclusive old woman when the Hounds of Hamin brought her to Earth, but now her dreams and the increasing storms make her think it is time to leave her safe haven and seek out members of the Hunt. When a rich old man claims she is his missing granddaughter, Cinden knows he is lying, but she can't prove it -- not without endangering the Hunt. He knows too much about her, and claims he has her brothers and sister. That is reason enough for her to investigate. Are the other three part of a trap, or in need of rescue? When four members of the Hunt come together, amazing things can happen...but they also discover a traitor among them, and learn a countdown has started: Time is running out for the Hunt, and life on Earth can be fatal for them in more ways than one.
