

The Amazing Gift from the Woods

A young boy named Timmy is playing in the woods when he discovers a tiny person about three inches tall. This small person named Jameson has been injured by a bird, so Timmy takes him home and nurses him back to health. Timmy learns there are other small people living in the woods. But one day Timmy becomes very sick and the little people, led by Jameson, must travel to town to save Timmy's life with the magical Blue Crystal. The little people sacrifice their own safety for Timmy, but will they be able to survive?
